## SCOTT COUNTY

Goebel Murder Case Will Be Tried There In June.

If Not a Special term Will Be Held During July.

Frankfort, May 2.—Judge Cantrill today made an order in the Franklin circuit court changing all the Goebel murder cases except that against W. H. Culton, to Georgetown for trial. He said he would like for the cases to be tried at the June term of court, but if the parties could not be ready at the time he would hold a special term of court in July. He intimated that he would insist on a trial at that time if the parties were not ready in June.

The attorneys will confer at once and come to an understanding. The general belief is that both sides can be ready for the June term of the Scott circuit court, and that the trials will take place then.

The motion for bail for the defendants was made in the circuit court this morning on the ground the indictments were faulty, in that they did not state that any particular person had killed senator Goebel. Judge Cantrill overruled the motion on this ground, and said that he could not grant bail in any of the cases without hearing the evidence. The case against W. R. Culton was then called and the evidence was begun at 2 o'clock. It is probable that it will take several days to dispose of all the cases.

It is not certain that Taylor has been indicted, notwithstanding the detailed statements to that effect made by newspapers and repeated so long and so often that the general public came to believe it. The grand jury has adjourned and no indictment has been placed on the books.

## BLACK-TANNER.

Illinois Couple Marry Here—Not an Elopement.

Rev. Arthur Roberts was called upon Tuesday afternoon to solemnize the rites of matrimony between Mr. J. G. Black, of Nashville, Ill., and Mrs. Fannie B. Tanner, of Iuka, in the same state. The couple arrived on the train and the ceremony was performed at 3 o'clock in the afternoon, at the home of the officiating minister.

It seems that they did not elope, as both parties were of age, but they did not care to have a "home wedding" and just decided to take a little trip to Kentucky to have the knot tied.

They left for their future home in Illinois the same night.

## AWFUL HORROR.

Worse Disaster Than The Maine Explosion.

Utah Mine Blown up And 300 Lives Lost—Bodies Recovered.

Schofield, Utah, May 2.—Tonight's estimate of the number of killed in the terrible mine explosion here yesterday is 250, but the total death list may yet reach 300. Relief work is still in progress, being conducted by shifts of men. The shift now in the mine has 50 bodies ready to bring out, and the number of corpses yet to be reached is still uncertain.

Many of the rescuers came near losing their lives from the fatal after-damp but the work was continued in the face of all danger; and most of the brave fellows remained at their posts until they were almost ready to drop from physical exhaustion and the deadly effects of the poisonous fumes.

According to the closest estimate, there were about three hundred men all told employed at the two mines, which are practically one.

## GLOVER-ELLIS.

Happy Social Event Came Off Wednesday Evening.

Miss Edna Ellis, the attractive daughter of Mrs. Lucy F. Ellis, was married Wednesday night to Mr. William Joseph Glover, of Princeton, Ky. It was a quiet home wedding, with only a few friends and relatives present. Misses Bessie Russell and Nannie Byars, of this city, and Messrs. R. B. Patterson and Shell R. Smith, of Princeton, were the attendants. The ceremony was pronounced by Eld. H. D. Smith, of the Christian church. The marriage took place at 9 o'clock and after a reception and wedding supper the groom and bride took the midnight train for a bridal tour to the east. After May 10 they will be at home in Princeton. The elegant new home of the bride's mother was tastefully decorated for the occasion.

About fifty guests attended the reception.

The bride is a most lovable young lady and a great favorite in society. Mr. Glover is an enterprising capitalist and most worthy young man.

Mr. Robert B. Conway and Miss Sarah Farris, a popular young couple living in the Antioch neighborhood, were united in marriage Wednesday night. Rev. Jas. Cole officiated at the ceremony. The man performed the ceremony. The marriage took place at the home of the officiating minister and was witnessed by a limited number of friends of Mr. and Mrs. Conway.

LOUISVILLE, HENDERSON &  
ST. LOUIS RAILWAY.

"The young people of Kentucky who indulge in the dizzy waltz will hear with interest that the heads of Washington and New York society have decided that "sitting out" a waltz next winter will be more fashionable than dancing. The "sitting waltz" embodies the position as dancing—the only difference is you sit instead of dance."

The man right arm is around the girl's waist while his left hand holds her right. Her left hand is placed on his shoulder while his head rests lovingly upon his bosom and all they do is to listen to the music. Now that is something like it. We have always regarded it as a kind of nuisance to have to gallop a mile or two. A room full of people sitting around on sofas hugging to music is more to our notion. This will give the old rheumatically brethen another chance to waltz, but it will alter not the dance, but for the position, and while a man may lose his appetite for dancing, he has got to get pretty old before he loses his appetite for hugging a pretty girl.

### ANNOUNCEMENT.

We are authorized to announce  
**HON. HENRY D. ALLEN.**  
of Union county, as a candidate for reelection to Congress, subject to the action of the Democratic party of the Second District.

W. L. Wilson, who was in Cleveland's cabinet, is out for Bryan.

The House passed the Nicaragua Canal bill with only 25 opposing votes.

A new paper called the Herald, will shortly be started at Lebanon.

Nebraska Republicans have nominated a state ticket, headed by Charles Dietrich for Governor.

County Judge Wm. M. Purcell, of Bourbon county, was thrown from a buggy and killed Wednesday.

Even the Commercial is advocating the disbanding of the "armed mob" maintained on the statehouse grounds at Frankfort.

The Grayson Gazette has been sold to Robert L. White, of Big Clifty, and Judge J. C. Graham, of Jethersfield, who will take charge May 15.

Former Congressman William H. King, Wednesday was sworn in as a Representative from Utah, to succeed Brigham H. Roberts, who was deceased his seat.

If Culen is worthy of belief and one-half that he says is true, the wonder is that Taylor has not been out in jail with the other conspirators long before this.

Hawley has been spared the carpet-bagging accorded to Porto Rico, and President Dole will be the first Governor under the new order of things.

Indiana municipal elections were held Tuesday and may surprising Democratic gains were shown. On the basis of the gains reported, the Cincinnati Enquirer says the state has gone Democratic.

J. O. Rutten, of Livingston county, has been sworn in as second clerk to Superintendent of Public Instruction McChesney. His fills a vacancy caused by the resignation of S. H. Gardner, of Warren county.

Mr. Walt R. Haldeman, a principal owner of the Courier-Journal and Times, celebrated his 79th birthday the other day. He is still in good health and looks after his large business interests in person.

Republicans of the Ninth District have nominated S. J. Pugh, who got into Congress in 1898 by only 10 majority. With Jim Kehoe, or some other strong Democrat, who will make a canvass, Pugh can be beaten 1000 votes. The Democratic convention will be held June 6.

Editor Glenn, of the Madisonville Graphic, has returned Hon. H. D. Allen's check for \$100 for announcing his candidacy for Congress, and is running the announcement gratis. In taking this view of a plain master of business, Bro. Glenn will find himself in a class by himself, not only in Kentucky but in the whole United States.

### Doctors Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; hence cure of deafness is caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Marmaduke Bowden, of Russellville, has joined the Republican party and last Monday attended his first Republican convention and was appointed a delegate to the State convention. As he goes instructed to vote for a negro for district delegate, Duke has been trusted to go to the whole hog at once, without having to become a R. A. by degrees.

Gor, Chas. H. Allen, who reached Porto Rico with a carpet-bag in one hand and a roll of manuscript in the other, was formally inaugurated Governor Tuesday and made a "great" speech, promising to give the Porto Ricans good, fair and economical government.

Sibley, of Pennsylvania, who came very near being on the ticket with Bryan in 1896, has become a Republican and is a Republican nominee for Congress this year. On the other hand, Gov. Pingree, of Michigan, says the hope of the country hereafter is in the Democratic party.

The Senators who stultified themselves by voting to exclude Corbett and seat Guy are: Carter of Montana, Cullum of Illinois, Davis of Minnesota, Deboe of Kentucky, Jones of Nevada, Nelson of Minnesota, Penrose of Pennsylvania, Shoup of Idaho, Warren of Wyoming.

At Anna, Ill., Mrs. Minnie Alden married J. B. Alden, a twin brother of her first husband.

### Dr. Goldstein's Date.

Dr. Goldstein, of Louisville, will, by special request, return to Hopkinsville May 16, and will remain a few days only. He had intended reaching the city ten days earlier, but on account of a rash of business at other points he will be delayed until the 16th inst.

### NAUGHTY PARIS BALL.

American Women Shocked—Demanded to Be Allowed to Leave But Couldn't Get Out.

Paris, caute! The famously naughty ball, the "Four Arts Entertainment," given annually behind closed doors by Paris art students, occurred secretly at the Moulin Rouge. The revels, this year were more wildly indecent than ever. Fully 300 artists' models, 200 pretty actresses and 800 art students of both sexes were present.

A large group of American ladies gained admission through the complexity of three American artists, but soon regretted their imprudent curiosity and were shocked beyond endurance. The ladies demanded repeatedly to be allowed to leave, but if the doors were opened the police would immediately have made a raid, therefore, the fair spectators were compelled to stand the shame till dawn.

### "Boney Miser" Disappears.

Charles Walters, who for thirty years occupied a strip of ground at Nineteenth and Bank streets with out claim or title and who gained so much notoriety under the title of "Boney Miser," was finally ejected yesterday. The old man maintained the same strictness in moving that he did during his residence in the stockade, and his present whereabouts are a mystery—Courier Journal March 3

### Obituary.

Dr. P. C. Wootton, was born near Garrettsburg, Ky., Oct. 27, 1828. His youth was spent at the same place on his father's farm.

He studied medicine under Dr. J. C. Metcalf, from 1848 to 1851. He then entered the Louisville School of Medicine and graduated in 1853.

As a physician, he was able and successful. His practice was very extensive; for his skill and compassion both rendered him popular.

May 1, 1855, he was united in the holy bonds of wedlock to Miss Malinda Stepp. This happy union continued only lacking eight days of forty-five years and was blessed with two sons, Mr. R. S. Wootton, a prominent merchant of Deaton, Texas, who was also married to Miss Estha Barksdale, of Clarksville, Tenn., and Mr. Lute Wootton, who preceded his father over three years to the grave. One consolation which the Doctor expressed during his last illness was, "I will soon be with my son."

He was a devoted husband and one of the most pathetic scenes that has ever been witnessed in this place was the affectionate separation of the Dr. and his wife. Sister Wootton was very sick, but before the Dr.'s death, she was carried into the room where he was. They caressed each other lovingly and then she was carried back to her room, this being the last time they were to ever see each other in the flesh.

He was also a fond father. The writer heard the last words that he spoke just before he breathed his last. His son said, "Father won't you kiss me?" which he did. He then said "won't you kiss Estha?" and after kissing them both, the Dr. said, "be good" and in a little while was gone.

He was baptized by Eld. A. W. Meacham, into the fellowship of Lafayette Baptist church in 1899; having formerly been a Methodist. He took great interest in the cause of Christ, which he manifested both in giving liberally of his means for its support and in his attendance at the regular services of his church. He was also a member who would frequently speak encouraging words to his pastor. We will miss him.

His chief regret was that his eyes had failed and his vision was so dim that he could not see how to read his Bible; as he delighted in the study of God's word.

He had been impressed for some months that he would not live long, but in speaking to his pastor on this subject, always expressed himself as being perfectly resigned to death.

The 10th inst. he visited Hopkinsville and as the weather was cold and the atmosphere damp he contracted a deep cold or grip, from which attack he could get no relief and gradually weakened until 8:30 p. m. the 23rd inst. when he passed out suddenly in the triumph of living faith.

His sons, after having him embalmed, had him laid away nicely in the Stepp burying ground, near Pee Dee, at 2:30 p. m. the 26th inst. The funeral services being conducted at the grave, by the writer. May God's grace sustain his dear companion, son, and other surviving relatives, and may they be comforted by these consoling words of the Lord, "My grace is sufficient for Thee," "My prayer for Christ's sake. Sincerely, MILTON HALL, Lafayette, Ky., April 30, 1900.

According to the Louisville Commercial, W. S. Taylor will spend the balance of this week in Muhlenberg county with a fishing party entertained by Dr. A. D. James.

### Charges Abandonment.

Jack Lacy sues for divorce from Alpha Lacy, charging abandonment. The parties were married in Montgomery county, Tenn., in '93 and lived together until '94, says the petition. Parties colored.

### New Flagman.

Mr. M. R. Brown, who has been flagman on the Hopkinsville and Nashville accommodation for several years, has been given a similar run on the local freight between the two cities and Mr. Alex. Bailey, of Madisonville, has taken the passenger run in the place of Mr. Brown. The latter will still make his home in this city.

**APPLES**

Are you pleased with these eruptions on your face? Do you like the idea of being every one knows your blood is impure and your skin low? That you are weak and languid? Why allow this poisonous matter to force itself out in pimples?

**Sarsaparilla**

takes away all these disfigurements by taking away all impurities from the blood.

For 50 years it has been making the skin clear for countless thousands of persons.

It is a tonic. All druggists.

"I had a great many branches come out on my face and neck and they were very bad. I tried many remedies, but they did me no good. Then I thought of Sarsaparilla. Before I had taken half a bottle the branches and rash were gone and I felt like a new man."

#### STREET FAIR DATES.

Will Be Held September At Mercer Park.

The Elks have decided upon their fair dates and are already planning for the big event, which will be Sept. 25 to 29.

The fair features will be held at the commodious Mercer Park, one square from Main street, where the booths will also be located. This will leave the streets open to trade and afford more room for the people. Last year the streets were so densely packed with people that they were a solid mass of humanity. Mercer Park is an ideal place for the fair proper.

At the lodge meeting Tuesday night, the various committees were appointed and are at work.

#### PLAIN CASE.

Culton Lays Bare the Goebel Assassination Conspiracy.

Implicates Taylor as a Conspirator Before and After the Fact—

Ball Refused.

For three hours yesterday afternoon William H. Culton, testifying in his own behalf in support of a motion for ball, gave the most sensational testimony yet given in the Goebel assassination conspiracy. Many of the statements were dragged from him after the most persistent cross-examination by Col. T. C. Campbell. Culton's testimony convicts Taylor as being an active leader in the conspiracy; designates James Howard as the man who fired the fatal shot; implicates W. S. Taylor as an accessory both before and after the fact, and also convicts Finley, Caleb Powers and himself. Culton had not finished his testimony when adjourned for the day. His testimony showed that armed men were brought to Frankfort, and that their expenses were paid by Taylor and others; that an order was carried by him from Taylor to the Adjutant General to have the militia ready to get out quickly and stand off the police, and also confirms every one of the sensational statements made by Wharton Colston when he took the witness stand during the examining trial of Caleb Powers. After the murder, according to Culton, Taylor was apprehensive lest Yostley should tell of the conspiracy, and spoke of furnishing him money to send him out of the State. All the prisoners were denied bail except Culton, all save him refusing to submit any evidence in support of the motion. A change of venue to Scott county was granted in all the cases save that of Culton, who has not asked a change, but simply seeks bail. The cases will probably come up for trial in July. The prisoners will be removed to Georgetown probably on Monday.

The Democratic Committee of the 2nd Congressional District of Kentucky met pursuant to call of the chairman, Charles M. Meacham, at his office in Hopkinsville, Ky., on Tuesday, May 1st, 1900.

Present, Chas. M. Meacham, chairman; Isaac Garrett, of Christian county; J. H. Bozarth, of Daviess county; Jno. L. Dorsey, of Henderson county; Jno. B. Braeber, Hopkins county; Chas. M. Meacham, holding proxies for McLean and Hancock counties.

The object of the meeting having been stated, Mr. Bozarth of Daviess County, moved that for the purpose of nominating a Democratic candidate for the 27th congress of the United States, the following call be made:

1. It is hereby ordered that on the 9th day of June, 1900, at 2 o'clock p. m., standard time, there shall be held at each voting precinct of the Second Congressional district, at the usual voting places, a precinct convention for the purpose of appointing delegates to a district convention called to nominate a democratic candidate for congress.

2. Each precinct shall be allowed one delegate vote for each fifty votes and fraction over twenty-five cast for the Bryan electors in 1896, provided that each precinct shall have at least one delegate vote.

3. The delegate votes of the county shall be "pro-rated" or divided in such a manner as to express the will of the voters, as shown by their votes in the precinct conventions. The representation of the several counties is hereby fixed upon the basis of one delegate vote for each 200 votes and fraction over 100 votes cast for the Bryan electors in 1896.

4. All persons who supported the Bryan electors in 1896 and all persons who desire to come into the regular democratic organization, and who will agree to support the nominee of the convention, and all persons who are not now 21 years of age but who will be entitled to vote at the November election, 1900, and who will agree to support the nominee of the convention herein called, shall be entitled to vote in said precinct conventions. The delegates chosen at said precinct conventions on June 9th shall meet in county conventions at their respective county seats at 2 o'clock p. m., Monday, June 11th, 1900, and appoint delegates to a district convention herein called to assemble in the city of Henderson on Thursday, June 14th, 1900, at one o'clock p. m. Provided that in case there shall be only one announced candidate for the Democratic nomination by the 21st day of May, 1900, then and in that case the Chairman and Secretary of the district committee shall call the convention off and declare the announced candidate the nominee of the Democratic party of the 2nd congressional District of Ky.

On motion the above call was unanimously adopted, and the proceedings ordered to be given to the various newspapers of the District.

CHAS. M. MEACHAM, Chairman.

D. H. HUGHES, Sec'y. pro tem.

#### ASYLUM LOSES.

Court of Appeals Reverses the Wood's Mill Case.

The following decision reverses the decision in the case growing out of the construction of the asylum water works above Wood's mill.

The case is Asylum—Right to Sue Same. Diversion of Water from Stream. Riparian Owner. Recovery of Damages. Bank of Hopkinsville, Ky., vs. Western Kentucky Asylum for the Insane. Filed April 25, 1900. (To be reported.) Appeal from Christian Circuit Court. Opinion of the court by Judge White reversing judgment.

First—An institution for the insane, maintained by the State government under the management of a Board of Commissioners, who are created a body corporate, with power to sue and be sued, without qualification as to the causes of action, may be sued by the owner of a mill operated by water power for damages arising from the diversion of the water in the stream on which the mill is situated by the institution, legislative consent being implied by the delegation of the power to sue and be sued.

Second—The institution, being located three-fourths of a mile from the stream on which the mill is situated, and owning no land on the stream except one acre purchased for the purpose of erecting a pumping station, is not a riparian owner, such as would carry with the ownership the right to use all water necessary for domestic purposes in the operation of the institution.

Third—Where the owners of the mill sold the same to it and afterward they were a reconveyance to them by it in consideration of the surrender of the purchase money notes executed by him, and the further consideration of the surrendering to him "some unsecured notes which they held against him," there was a sale and purchase, and not a mere rescission of the contract of sale to it, more being paid for the mill than the owners had previously sold it for; and such owners are entitled to recover only for the damages sustained by reason of the diversion of the water from the time of the execution of the deed by it until the institution of their action.

There can be no recovery for future or permanent damages to the mill property on account of the diversion of the water where the amount of water in the stream, depending on the season and rainfall, is very uncertain, and the damage cannot be estimated with any certainty.

C. H. Bush and J. L. Laudes for appellants, John Feland, Jr. and Petree & Downer for appellee.

WITHOUT ANY PAINFUL OPERATION

## OUR "X RAYS" Have Failed.

The Louisville and Indianapolis Optical Company. Gentlemen—Less than 4 weeks ago I came to your Institute STONE BLIND IN THE LEFT EYE, NOT HAVING SEEN A RAY OF LIGHT WITH IT FOR OVER A YEAR. With my right eye I could not recognize my acquaintance across the street and it was rapidly failing, though I had for the previous 8 months been under the charge of two of L. O. O.'s most popular oculists. No operation of any kind was performed on my eyes nor any disagreeable treatment undergone, and I can now define and describe the houses across the Ohio river at this point with the right eye and can see objects and property some 10 feet distant with the left eye. Both eyes are rapidly improving in sight. Your respectful v., MISS MAIE MC-SMAN.

239 E. Market street, opposite Farmers' Hotel. Louisville, Ky., March 1900. My Dear Doctor: After using the "X Rays" glasses adjusted by you, I am happy to say that they are unsurpassed in every particular. Indeed, they are a blessing and a comfort which I have not found in any other glasses, though I have tried several different kinds. With them I can go to work without fear to the eyes and with out headache, which I have experienced in using other glasses. It is a pleasure to me to advise my friends to go to the Louisville and Indianapolis Optical Company when they want a genuine test of their eyes and the best glasses to be had. Respectfully yours, REV JOHN H. BOYET

The Louisville and Indianapolis Optical Company. (Gentlemen: Having been blind in my right eye from cataract for 4 years, an hearing of your pinless method of removal, I came to your Institute on a Wednesday and received a treatment that afternoon and on Thursday morning, after which, at no time between 2 and 3 p. m., I found my eye as clear as a hand at 10 feet away. I was then 24 hours I could not tell the exact moment I was made to see. I took no chloroform or anything of that nature. I was given permission to return home on the sixth day. I was not confined to a dark room for an hour, not even at all, went out into the city every day. I am now able to read and describe large objects a quarter of a mile away, and am getting better vision all the time. Yours respectfully, F. C. NELSON.

## Paris Will Have No Midway.

To most people, and actually to those artistically inclined, some of the chief attractions of any great fair are centered in the "side-shows." This year, as might be supposed, there will certainly be no stint of spectacular piffarresques in Paris. There is, however, no one street upon which all attractions congregate but they tempt the tired wanderer at every corner. Many are clustered on the edges of the Camp de Mars, and of these, two of the most attractive are the Tour du Monde and the Swiss Village.

The former was designed by Louis Dumoulin, whose pictures of the Orient are famous. Its exterior is a strange jumble of the architecture of all the East—Hindoo, Chinese, Siamese—making, however, a very effective mass. Its interior is in the form of an immense panorama, with the added attractions of living figures in native dresses, etc. —From "Some Picturesque Sides of the Exposition," by Ernest C. Peixotto, in the May Scribner's.

Admiral Dewey will do well to keep his eyes on it if a Kentucky city has sent him twelve bottles of the Blue grass product.

The Farmer's Wife is very careful about her churn. She scales it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. If the stomach is sour, then what if the stomach churn is "sour" it soures all which is put into it? The evil of a foul stomach is not the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of the blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour stomach sweet. It does for the stomach what the washing and sun bath do for the churn—abolishes all noxious every fermenting or corrupting element. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant and no narcotic.
